

THEIA VENTURES

Short Term Associate Job Description

Theia Ventures is hiring for its Short Term Associate Intern Program. You will work with the investment team of Theia on deal evaluation, sourcing, developing a thesis, climate tech research, and thought leadership. By the end of the program, you would have evaluated multiple deals, gained expertise in the industry, and developed an understanding of the investment life cycle

Responsibilities

- Create/ maintain a pipeline of startups, and collaborate with the Investment Team to evaluate the business
- Demonstrate an informed sector knowledge to build an investment thesis in the climate tech and circular economy space and assist in thought leadership
- Analysing, and understanding the investment life cycle process to identify and prioritise results for improvement opportunities
- Assist in preparing investment memos and presentations for the firm's investment committee, summarising key findings from due diligence, financial analysis, and market research.

PS: This opportunity is based out of Bangalore, Karnataka, India
